

**SILVERSONIC  
AGINCOURT REEF DAY TRIP**

Silversonic travels to the most northern outer edge dive destination reached by a day operator. If this is your only trip to the reef you will be enjoying three different environments in the one day enabling three unique types of dives.

With the unique roaming permit that Silversonic retains, it allows the Skipper to moor the vessel at the 3 best sites for the conditions, water clarity & marine life available to the passengers on their day of travel.

During the 1½ hour journey to Agincourt reef, a marine presentation is provided on the video system in the main cabin while dive briefings & an equipment talk prepare divers for their day on the reef. Prior to snorkelling a safety & interpretative talk by crew prepare snorkellers for a safe & enjoyable experience.

It's a wonderful, exciting & memorable experience to dive the Great Barrier Reef. With up to 22 different reef locations to choose from, each site offers a new experience, selected for its unique variety of marine life & corals.

Your crew will ensure you have all you need to make the most of your day onboard, which includes bar facilities, a hot and cold tropical buffet lunch, fresh water showers, morning and afternoon tea.

#### DEPARTURES:

Daily

#### ITINERARY:

8.15 am	On boarding enjoy a complimentary tea or coffee; foccacia bread &/or a variety of danish's. For your safety, hot drinks are not served once the vessel is underway. Passengers are required to be onboard the vessel 15 minutes before departure.
